

Mona City Cemetery  
Policies and Procedures

## Introduction

It is the desire of Mona City to operate and maintain a cemetery that is beautiful, dignified, and appropriate final resting place for departed loved ones.

In formulating these policies and procedures, it has been our desire to offer as much freedom of choice as possible while still preserving those regulations necessary in maintaining a high standard of beauty and efficiency.

We sincerely hope that you will assist us in this effort by adhering to these policies. We also solicit your comments and suggestions regarding general maintenance and operating procedures.

## Conduct and Access

**A. Conduct:** Cemetery grounds are sacredly devoted to the interment and repose of the dead. Strict observance of decorum due such a place shall be required of all persons.

**B. Driving and Parking:** Cars must not drive or park on lawn areas or drive on corners.

**C. Animals:** Horses, dogs or other types of pets or livestock are not permitted on the cemetery grounds.

**D. Motorcycles, Bicycles, and All Terrain Vehicles (ATVs):** Motorcycles and all terrain vehicles (ATVs) are not permitted in the cemeteries except for those used for maintenance or professional suppliers or those that are part of a funeral procession.

Bicycles are permitted, but are subject to the same policies and procedures as motorized vehicles. Cutting corners and driving on the lawns are prohibited.

## Burials

**A. Human Dead:** Interments are limited to human dead.

**B. Ordering a Grave Opening:** Arrangements for a grave opening can be made by the funeral director or other responsible party. The required permits need to be filled out and the fees paid. The information required is the name of the deceased; the place of interment (obtained from the cemetery file, unless newly purchased); the location, date and time of funeral services; and the name of the funeral director or mortician. A 36 hour notice is required for opening of a regular grave.

You can find out who to contact by calling the Mona City Office at 623-4913.

**C. Errors:** Mona City will not be responsible for any mistake occurring from the lack of precise and complete instructions as to the proper space on the lot where interment is desired. When a grave on a lot cannot be opened where specified, the superintendent or sexton may, at his/her discretion, open it in such location on the lot as he/she deems best and proper, so as not to delay the funeral and affect the interment.

**D. Burial Permits:** A permit for burial must be obtained prior to the opening of a grave. The necessary information and fees should be to the cemetery sexton by the family representatives or the funeral director. Proper and complete information is required for accurate record keeping.

**E. State Transit Permit:** Remains sent from other states must also be accompanied by a transit permit to be filed with the cemetery sexton.

**F. Burials Per Grave:** One interment only shall be allowed in a casket except a father or mother with an infant child, or two children buried at the same time. Not more than one casket is allowed in one grave.

**G. Vaults:** Vaults are required for all burials. Vaults should be of concrete, steel, fiberglass or other structurally sound materials. No wood shall be used as a permanent part of the construction of any part of the vault.

**H. Indigents:** Such lots as the city council shall from time to time designate will be reserved for the burial of indigent persons.

**I. Orientation of Graves:** By convention, burial spaces are laid out in rows with the head of the grave to the west and the foot to the east. Individual grave tracks usually measure four feet wide by eleven feet long except on odd sized lots. Traditional burial custom has the wife placed to the left side of the husband, however placement is a matter of choice.

**J. Disinterments or Exhumations:** Cemetery grounds are sacredly devoted to the interment or repose of the dead. In those circumstances where it is necessary to disinter or remove remains from the cemetery all applicable state laws must be complied with. The sexton will schedule and direct the exhumation after applicable fees have been paid. Consultation with a funeral director is recommended for this procedure.

**K. Cremations:** Cremations will be treated as a regular burial including fees and services. Cremations require a sealable urn made of plastic, metal, or other like material approved by the cemetery sexton. If a family desires, a cremation may be buried on top of an existing grave. Regular opening and closing charges will still apply. Two or three cremations may be placed in one grave spot. However, regular opening and closing fees will still apply.

Only one headstone and no other monument or marker will be permitted on the grave. Said headstone shall be at the head of the grave. Headstones will be placed in an orderly manner in pre-designated rows and as directed by the cemetery superintendent.
