Library News

The last of our nine local authors is Katrina Lantz. She has written four books: Drats. Foiled Again (audio); The Healing Bucket; Bombs Away (audio); and Prepare to be Repaired.

We will feature all of our local authors at Mona Days and again for the October Fall Festival.

February is also President Washington and Lincoln birthday commemoration. We have several books about them. It's also National Black History Month and we have a pretty good selection for that too.

We have just acquired the TUTTLE TWIN books by Connor Boyack, 12 volumes. Maybe you've seen the cartoon based on these books.

And just a reminder: check to see if you have any outstanding library books at home that need to be returned.

"A library is not a luxury but one of the necessities of life"
(Henry Ward Beecher)

Happy Reading!

Happy Valentine's Day!

Carbon Monoxide Safety

Know the facts to prevent carbon monoxide poisoning

Know the Common Causes

The majority of carbon monoxide cases occur due to fuel-burning appliances that are improperly vented or being used incorrectly.

Know the Symptoms

Depending on the length of exposure and concentration of CO, symptoms can range from a mild headache to death.

Know Who Is At Risk

Men, women and children of all ages can be poisoned by carbon monoxide but people over the age of 65 are more at risk of dying from the effects.

Know How To Stay Safe

Only 1 in 10 homes in the US has a working CO monitor.

- Protect your family by installing 1 monitor per level of your home
- Test the alarm regularly
- Change batteries annually
- Never ignore an alarm - Get outside immediately.
